

# Fire safety laws are changing! Are YOU ready for the changes?

**In 2010 the Government will enforce the Regulatory Reform (Fire Safety) Order ... are YOU ready for the changes ?**

The act will place the responsibility for "Fire Safety" on the employer for that building or premises being occupied.

This person will be required to assess the risks of Fire and take steps to reduce or remove them. So protect your business now.

Furthermore, he/she will be responsible to ensure that a Fire Safety Policy is in place and up to date.

They will also have to ensure that Staff Training is current and that Fire Evacuation drills take place.

Fire Certificates will be abolished and will cease to have legal status. Are your Fire precautions in place?

**You have nothing to lose but your business and your freedom!**
